

# UnitedHealthcare Medicare Advantage Provider portal guide and instructions

1. Providers must have the Contract ID number found on the front of the member's ID card to determine which portal to access for that member. (see example)
2. Once you have the member's Contract ID number, you may search for that number by pressing the CTRL and F keys simultaneously on your keyboard.
3. A search box will appear at the top right of this page. Type in the member's Contract ID number and hit enter. The member's Contract ID number will be found in the table below.
4. Select the associated portal to the right of the member's Contract ID number and you will be taken to the login page. If you are a first time user, the system will guide you through registration.
